DIRECTOR OF CENTRAL INTELLIGENCE
Security Committee

TECHNICAL SURVEILLANCE COUNTERMEASURES SUBCOMMITTEE

15 JUL 1983

MEMORANDUM FOR: Chairman, Security Committee

FROM: [redacted] Chairman 25X1
Technical Surveillance Countermeasures
Subcommittee [redacted] 25X1

SUBJECT: Technical Surveillance Countermeasures
Subcommittee Annual Report--1982 [redacted] 25X1

1. Attached herewith is the Annual Report of the Technical Surveillance Countermeasures Subcommittee for the year 1982. The reporting format is in compliance with SECOM-D-347 dated 22 October 1982. [redacted] 25X1

2. I apologize for the delay in getting this report to you in a timely fashion. However, our subcommittee has been deeply engrossed in handling IG/CM tasking over the last several months which has left us insufficient resources to complete this project on time.

3. The attached copies are for dissemination as you so desire. Should you require more copies, or have questions regarding this subject, please call me on [redacted] 25X1

DIRECTOR OF CENTRAL INTELLIGENCE

Security Committee

TECHNICAL SURVEILLANCE COUNTERMEASURES SUBCOMMITTEE

ANNUAL REPORT FOR 1982

The Technical Surveillance Countermeasures Subcommittee (TSCS) was established under the DCI Security Committee (SECOM) in 1975. It operates under the authority of Section 102.d of the National Security Act of 1947, Executive Orders 12333, and 12365, and the DCI Directives that established SECOM. [REDACTED]

25X1

The mission of the TSCS is to promote and coordinate the development and utilization of the most effective means of defending U.S. personnel and installations against hostile penetration by technical surveillance equipment and techniques. [REDACTED]

25X1

The TSCS through the coordination and cooperation of its members, creates and proposes for SECOM ratification and DCI/Community approval, techniques and procedures responsive to Community countermeasures needs. It also plays a key role in the development of requirements for, and the joint procurement of, technical countermeasures equipment. [REDACTED]

25X1

The TSCS organizational structure includes an Audio Countermeasures Working Group (ACWG) which is supported by the Telephone Security Panel (TSP), a Survey Panel, Interagency Training Center Advisory Panel, and Technical Advisory Group. [REDACTED]

25X1

The TSCS schedules bi-monthly meetings, and convenes special meetings as required. During 1982, a total of eight meetings were convened. The ACWG holds monthly meetings. The ACWG complies with tasking from the TSCS, and provides tasking to the Telephone Security Panel (TSP), the Inter-agency Training Center Advisory Panel (ITCA) and the Survey Panel. During a 1981 survey of the ITC, the ITC Advisory Panel recommended to Chairman, TSCS that ITC establish two new courses of instruction--Computer Technology, and Electronic Telephone Systems. The TSCS concurred and tasked ITC to comply. In response, the first of the Electronic telephone courses was scheduled for May 1983, and the Computer Technology course followed in early summer. [REDACTED]

[REDACTED]

The TSCS was actively involved in identifying and prioritizing Intelligence Community requirements that transcend any one agency's ability to accomplish. The result of this effort was submitted to SECOM for Community Support and funding. [REDACTED]
